

Principles for a safer space

We follow principles for a safer space during the Art Education Days 2025. The aim of the principles is to make everyone feel safe and comfortable during the event.

- **Mutual respect and support.** We act respectfully and open-mindedly towards everyone who participates and is involved.
- **We listen and give each other space.** We give space to each other's views, opinions and experiences even when they differ from our own.
- **We learn and understand together.** We encourage openness to new ideas and thoughts and to asking questions.
- **We do not accept any discrimination or harassment.** If we encounter discrimination, harassment or other unacceptable behaviour, we intervene in the situation if we can or inform the organisers. The organisers are there to support and intervene in cases of inappropriate behaviour.
- **We are not perfect, and we all fail sometimes.** We take responsibility for our words and actions. We are open to learning, receiving feedback and asking for forgiveness.

You can contact us to give feedback or to tell us about something that happened during the event. You can also reach out to us after the event.
